

PUBLIC HEALTH TECHNICIAN II
CHAUTAUQUA COUNTY DEPARTMENT OF HEALTH
SALARY RANGE: \$24.42 - \$31.51/HOUR + BENEFITS

The Chautauqua County Department of Health is currently accepting applications for the title of Public Health Technician II for the Mayville, NY office. A Public Health Technician II performs routine, technical environmental health work involving responsibility for making inspections and carrying out one or more specialized phases of the environmental health program in any municipal Health Department. The work involves gathering information for use by Public Health Engineers and Sanitarians in determining compliance with local and state Sanitary Code requirements. Depending upon assignments, the work is performed under general or direct supervision of a technical superior who reviews reports and provides advisory assistance when necessary. Does related work as required.

Typical Work Activities:

- Makes routine and follow-up inspections of sanitary and safety conditions of camps, hotels, lodging and boarding houses and other premises including semi-public or individual water supplies and sewage disposal devices, refuse disposal, air pollution, x-ray installations, public health nuisance complaints and general sanitation;
- Makes routine and follow-up inspections of handling, display storage of food in retail establishments;
- Makes routine and follow-up inspections of restaurants and public eating places, including arrangements of food handling, food service, dishwashing and disinfection of dishes and utensils;
- Collects swab samples and water samples;
- Makes routine and follow-up inspections of swimming pools and places to determine compliance with local and state Sanitary Code requirements;
- Makes routine and follow-up inspections of nuisances, mosquito and fly breeding places, rodent harborages and related matters;
- Receives, logs and reviews private lab water facility and water system operator analysis reports;
- Reviews analysis reports to note any item specifications that are out of established acceptable ranges;
- Presents findings of review to supervisor to determine course of action;
- Follows up with water facility operators concerning courses of action, such as resampling;
- Monitors facility inspection schedules; notes those that are not timely;
- Performs data entry, keeps logs and compiles reports of assigned activities.

This position is being filled on a provisional basis pending the outcome of a future dated Civil Service examination for this title.

Chautauqua County Offers A Comprehensive Benefits Package Which Includes:
